

Curriculum Development Meeting

According to the government has long realized the importance of the English language as a core subject in schools. Many schools are encouraged to teach core subjects in English or bilingual as well as offering intensive English language programs. Therefore, the lecturers of Mathematics Education Program, International College Suan Sunandha Rajabhat University (Asst.Prof.Dr.Krongthong Kairiree, Assoc.Prof.Chaweewan Kaewsaiha, Dr.Boonthong Boontawee, Dr.Kanokrat Kunasaphan, and Mr. Leuchai Tiprungsri) created a bilingual curriculum (English/Thai) for Bachelor's Degree in Education (Mathematics). The meeting to review the curriculum structure took place on November 15, 2019 before implementation of this curriculum.
